

5th Scaling Solar in Africa - Ethiopian Results

Scaling Solar |  AN INNOVATION OF WORLD BANK GROUP

IN PARTNERSHIP WITH :

Ethiopian Electric Power (EEP) has just announced the list of the 12 short-listed bidders for the country's Scaling Solar tender. The tender embraces **two solar photovoltaic projects, each with a capacity of up to 125MWac**. The winning bidders will be selected primarily on the basis of the **lowest proposed tariff**.
